I am delighted to introduce a new partner in providing the School's holiday activities this year - Kings Camps ([kingscamps.org](http://kingscamps.org)). Not to be confused with any schools of the same name, Kings Camps are a separate charity with a track record over three decades of providing quality activities across the country and, indeed, further afield. We have discussed their provision over a number of years and have been impressed by their similar outlook and ethos to our School.

Their mission is to "Get Children Active, Having Fun and Learning Together" with their online reviews (Feefo) averaging 4.8 out of 5.

They provide for children aged 5 to 17 with older children having the opportunity to learn about sports coaching and develop leadership.

They will be providing four weeks of activities in 2022 with the provision reviewed afterwards for future years. There will be some differences, but we are confident that their expertise, approach, people and resources will complement and build upon the standards of the School's more direct provision. Please check them out and give them a chance to demonstrate their delivery of some excellent weeks' experiences.

# THE PEOPLE

Kings Camps provide a fun and active experience throughout the school holidays. Our Sports and Activity camps encourage an active and healthy lifestyle for children.

We've been running activity camps since 1991. We've grown (a lot!) since those first days, running at 3 venues across Yorkshire and the Midlands, to now operating our camps in over 50 locations, in exceptional venues; Birkenhead School being our newest addition for 2022.

Our focus has always been and continues to be, providing children with a fantastic experience. The foundations of a good experience with Kings start with exceptional venues, a variety of activities and outgoing and inspiring staff.

We're confident that through our people, locations and programmes we're able to provide a holiday experience that offers development and builds confidence for children of all ages.

## INDEPENDENT REVIEWS FROM PARENTS

“From day one my son was looked after with the best care we could hope for. The coaches were brilliant and made the days full of fun activities. He came home each day exhausted but for the first time was so interested in talking about his day and all the fun he'd had. **Vanessa**”

“Fantastic, as usual! The coaches really do make the experience for the kids, and to be greeted with so much fun and enthusiasm every morning gets everyone going and ready for the day ahead.”
